

National Ag Day Coloring Contest

In a program initiated by the Agriculture Council of America in 1973, National Agriculture Day was started to help all Americans develop a better understanding of the importance of agriculture. Every year in March there are many activities and educational events held across the country to recognize National Ag Day.

The amazing picture on the other side of this paper was drawn by Hillsboro High School student Karolin Krueger, under the direction of teacher Julie Johnson, in honor of this year's National Ag Day. In a contest sponsored by your county Farm Bureau, you are encouraged to color this picture to the best of your ability and participate in a multi-county coloring contest.

Winners from each age category will receive a hardcover agriculture book written by Wisconsin author Cris Peterson.

This contest is open to any child age 12 and under-only one entry per child. Crayons, colored pencils, or markers can be used to fill in the picture. Please make sure to fill in the information listed at the bottom of this page or write it neatly on the back of your picture. Pictures without this information will not be considered in the contest judging. Finished pictures are to be postmarked by March 22 and are to be mailed to Jacqui Davison-E15427 Burr Salem Rd, Hillsboro, WI 54634 or Gretchen Kamps-24240 Cty Rd F, Belmont, WI 53510. Watch for winners to be announced in your local paper. Thank you for your participation! Have fun coloring!
