Outagamie County Farm Bureau Celebrates at Breakfast on the Farm By Brittney Muenster

Kelsey Ham portioned out cream for the butter-making project.

All ages got into the butter making process.

Butter making became a family affair for some.

Crackers were provided to taste test the hand-made treat.

The interactive dairy promotion made some special memories for everyone.

Addie the mechanical milking cow was sponsored by Outagamie County Farm Bureau .

On June 10, Farm Bureau members Kelsey Ham, Brittney Muenster and guest Chelsey Thiel worked along with Wes Raddatz to operate a booth at Outagamie County's breakfast on the farm. This year's activity was demonstrating how butter is made. Small containers with covers were filled with heavy whipping cream and YFA mem-

bers showed breakfast goes how by shaking them for a short period of time the cream would form into butter. Crackers were distributed as well so participants could taste test their hand-made product. The activity was very well received with a great amount of positive feedback.

Get Ready for Octoberfest Cream Puffs By Bernie and Linda Vander Heiden

Come to College Avenue on **Saturday, September 30**, for Octoberfest. Volunteers are needed to help in the cream puff booth. The four tasks we need help with involve whipping the cream, putting the cream into the shells, moving the cream puffs to the sale counter and taking money and making change. We like to have two people helping with each of the tasks.

Wouldn't it be fun to help us in the cream puff booth for a couple hours and then enjoy the rest of the day on the avenue? You can listen to bands playing country, rock and jazz music spread along the blocks of the street, there is a craft fair, things for kids to do, the retail

stores are open and of course there is a variety of food and beverage vendors.

Help is needed starting at 6 a.m. to 6 p.m. This is our one fundraiser for the year to give extra monetary support to the Outagamie County Farm Bureau efforts like Ag in the Classroom, 4-H scholarships and programs, FFA Farm Forum, Fairest of the Fair and the Rural Health Initiative program in the county.

To volunteer in the booth on Saturday, September 30, please call 920.766.9377 and let us know when you can work and if there is a specific task you prefer to help with.

Farm Bureau cream puffs walk away fast. Keep the supply coming by helping at this year's event.

President's Report

This is not a year for farmers to remember as a great crop season.

I've heard reports of people planting corn for the third time already, and it's after the Fourth of July. It's sad to hear reports of many hail damaged fields in the southern part of state, too.

Being a Farm Bureau member can't correct the weather, but is there something the Outagamie

County Farm Bureau could help you with, like a policy resolution for this fall's annual meeting? Let someone on the board of directors know about any ideas or concerns you may have.

Soon, the Outagamie County Farm Bureau board will get a report on what the Collegiate Farm Bureau's activity is and how they promote Farm Bureau and agriculture awareness on the University of Wisconsin campuses.

The newly crowned Outagamie County Fairest of the Fair Amanda Stingle is involved with the Collegiate Farm Bureau, and we're looking forward to a great relationship.

Farm Bill Committee Update By Mike Salter

Wisconsin Farm Bureau has two committees for the farm bill. One is the general farm bill the other is the dairy portion of farm bill.

I've been appointed to the general committee and it has met twice so far. There is a learning curve involved with both meetings as we try to gain understanding about where the money goes that is allocated through the farm bill.

The last meeting, staff members from DATCP were there and provided details about the money that they receive and how they use it. UW College of Ag and Life Sciences joined us and gave an overview of their program.

Then UW-Extension explained what part is federal farm bill and what part is county and state. The last

part of the day was spent with crop insurance, the different kinds and how each one is supposed to compensate farmers.

Our next meeting will be to put together priorities for the farm bill programs. Of course, one question that always comes up is should the Supplemental Nutrition Assistance Program (SNAP) continue to be part of the farm bill, or should it be a stand-alone program.

I'm representing you on this committee, so I welcome hearing your thoughts and concerns about any farm bill issues.

YFA Happenings in Outagamie County By Kelly Oudenhoven

YFA members helped at Outagamie County breakfast on the farm.

The Young Farmer and Agriculturist (YFA) members are having a busy summer with many events.

In June, the YFA members volunteered for the Outagamie County breakfast on the farm teaching children how to make butter and serving food.

In July, the YFA members went to the Outagamie County Fair and watched an a cappella country group 'Home Free' put on their unique show on July 28.

Then in August, the YFA members will

enjoy a good game of baseball by attending the Timber Rattler game on **Friday, August 18**. This includes an all-you-can-eat buffet and fireworks after the game.

Don't forget to volunteer at Octoberfest in September and the Family Day at Porter's Patch in October.

"He makes straight As," the coach responded. "That's terrific!"
