22

How does the economic and environmental health of the Red Cedar watershed affect you?

Economic Development – Profitable
Farming – Water Quality –
Recreational Activities – Tourism –
Property Values

Whether you farm, live along the water or live in town, this impacts all of us. Join us for a day of exploring how we can all be part of the solution.

- Farm, city and waterfront success stories to runoff pollution
- Profitable land management solutions
- Latest research findings and efforts
- Regional networking opportunity
