

Your Foundation Makes A Difference

The Wisconsin Farm Bureau Foundation's mission is to support agricultural education and develop rural leaders.

The WFB Foundation solicits and accepts contributions to assist with educational activities and instruction of young people in subjects useful and beneficial to the agricultural community in Wisconsin. Since its creation in 1988, the Foundation has made contributions that support the future of agriculture.

Programs the Foundation Funds:

- Ag in the Classroom
- Young Farmer and Agriculturist Program
- Promotion and Education Committee
- Leadership Training Institute
- Collegiate Farm Bureau Chapters

Together We Can MAKE A DIFFERENCE

What Can Your Contribution Mean?

\$15 Can buy a book for your local library or school.

\$40 Can sponsor a 4-H member's Key Award.

\$100 Can provide a Teacher Mini-Grant to help enhance agriculture education.

\$125 Can sponsor a registration to the YFA Conference.

\$300 Helps buy a new My American Farm tablet to help share agriculture's story.

\$800 Sponsors a leadership training Institute participant.

No matter the amount, each contribution helps support agricultural education and develops rural leaders.

Ways to Contribute

- Include the **5** for Farming's Future voluntary contribution on your dues renewal
- Donate to the Silent Auction at the WFBF Annual Meeting and YFA Conference
- Golf in the **Wisconsin Ag Open**
- Legacy giving
- Support Foundation fundraisers

Support agricultural education and develop rural leaders.

Your Foundation

Growing... ...Through Action

Institute

The WFB Foundation leadership training Institute is a year-long leadership training course offered to volunteers of all ages.

This course offers participants a chance to learn networking skills, enhance rural communities, learn more about state and national agricultural issues and develop a Personal Development Leadership Plan.

Graduates of this program are helping us build stronger communities throughout Wisconsin.

Cultivating... ...America's Next Generation

Ag in the Classroom

Ag in the Classroom is a program coordinated nationally by the U.S. Department of Agriculture to help students in grades pre-K through 12 understand the importance of agriculture and how it impacts their daily lives using hands-on activities and classroom lessons.

4-H and FFA Support

Farm Bureau recognizes the important role 4-H and FFA play in getting youth started on the right track for careers in agriculture and future leadership within the agriculture industry. We are proud to support the 4-H Key Award and the state FFA Discussion Meet.

Collegiate Farm Bureau

Collegiate Farm Bureau chapters are housed at the three University of Wisconsin agriculture campuses located at Madison, River Falls and Platteville. Each chapter is a student-run organization with an elected officer team and a faculty advisor. Members work to promote agriculture on campus using a variety of activities.

Leading... ...Through Service

Young Farmer and Agriculturist (YFA) Program

The YFA program is for young volunteers between the ages of 18 and 35. The YFA program provides participants with an opportunity to hone their leadership skills while networking with their peers. There are three contest areas that YFA members can participate in: the Discussion Meet, the Excellence in Agriculture Award and the Achievement Award.

Promotion and Education Committee

The Promotion and Education Committee develops, implements and promotes projects and programs which build understanding of agriculture and provide leadership development. The Promotion and Education Committee provides opportunities to be involved in education and leadership activities to help strengthen local communities.
