#### **EVERYTHING YOU NEED TO BE SUCCESSFUL**

Begin a career you love when you select from 500+ programs

- Attend classes on your schedule and wherever necessary with flexible and online courses
- >>> Learn insider skills from the best expert instructors with industry connections
- Build experience and confidence by using the latest tools and technology to meet employers' needs
- Gain guidance from instructors practical, real-world experience with technical and career-ready skills prepares you for your career
- >> College support systems help you dedicate yourself to the classes and learning you need to succeed
- >>> Built-in services of all kinds help you meet and even exceed your goals from planning your schedule to providing career services and everything in-between

## LIFELONG LEARNING

#### WE'RE ALWAYS HERE FOR YOU.

Global markets and rapid technology innovations are shaking up the business world and creating new opportunities. The need for skilled workers among employers is increasing, as these jobs make up about 60% of U.S. jobs in manufacturing, health care and IT. These careers require advanced technical skill sets, but they also require soft skills and problem-solving ability.

As workplace technology advances more quickly, automation may replace some jobs, but it will require entirely new jobs with new skills. Employees also need skills upgrades along the way. Wisconsin's technical colleges have close industry partnerships that ensure the education is relevant to prepare and deliver quality employees.

Whether you want to start with career-focused education or a more general path and transfer into a four-year university, a technical college will provide everything you need to transition and succeed.

Your experience will be that much more rewarding when you see your goals become reality and you realize how you earned it. No matter what path you are on in life — Wisconsin's technical colleges can improve your career prospects, while pushing your personal limits and expanding your potential.

#### WE HELP STUDENTS LEARN AT **ANY POINT IN LIFE:**

- >> Students who take college courses in high school may earn a degree faster and save money on college credits.
- >> Veterans may round out or add to their military experience and leadership with new technical or academic skills.
- >> Professionals with experience who may want to improve or change careers by adding or developing skills.
- >> Employers who support employees learning new skills or enhancing existing skills may build longevity by supporting employees' continued learning.
- >> Employers who want to provide staff with learning opportunities and job growth.
- >> Professionals who want to keep industry certifications current or add new ones.
- >> Technical college students or graduates who want to apply their credits toward a 4-year university or college degree.
- >>> Bachelor's degree holders who want more workforce skills aimed at getting a specific job to help their job prospects.

Source: 2020 Graduate Outcomes Report

## **DEGREES FOR**

## EVERY NEED

#### CAREER PATHWAYS HELP YOU START SMALL AND DREAM BIG.

#### **CERTIFICATES**

Short-term certificates meet employers' custom needs for skills or certifications in business, health, trade and industry.

These programs focus on custom skills related to specific jobs and can often take less than one year to complete.

Technical diploma programs deliver hands-on learning and are offered at all Wisconsin technical colleges.

All Wisconsin technical colleges offer two-year programs requiring about 60 semester credits leading to an associate degree.

Many credits transfer into four-year degree programs. This is an affordable way to begin your four-year degree. Here's a quick overview of the types of degrees you can earn at a Wisconsin technical college (either before or after completing a bachelor's degree), expanding your career potential.

#### **CERTIFICATE** (typically six months or less)

>>> Entry-level or specific skill-related credentials for quick employment gains

#### **TECHNICAL DIPLOMA** (one- to two-year programs)

- >>> Real-world programs created with employer input
- >> Typically one to two years to complete full time

#### ASSOCIATE DEGREE (two-year programs)

- >> Academic degree with a focus on hard and soft skills
- >> Typically two years to complete full time
- >> May build on smaller credentials (certificates, degrees and diplomas)

#### **APPRENTICESHIP** (journeyworker status)

See page 46 for more information on apprenticeships

- Participating employers pay for supervised, structured on-the-job training and classroom learning
- >>> Prepares skilled tradespeople to enter the workforce with a median salary of \$81,000+/year (six months after completion)
- >> Visit WTCSystem.edu/apprenticeship for more information

There are as many possible paths as there are technical college students. Even while working toward a high school diploma, a student may begin to take college courses, either through dual credit opportunities or through youth apprenticeships.

The illustration below is an example of a pathway a student might take if they are interested in health care. Each step in the pathway adds credentials and improves career outlook, and students could start at any point along the path.

#### PATHWAY CERTIFICATE

Healthcare Customer Service

### SHORT-TERM PROGRAM

Certified Nursing Assistant (CNA)

## TECHNICAL DIPLOMA

Licensed Practical Nurse (LPN)

## ASSOCIATE DEGREE

Associate Degree Nursing (RN) GO ON FROM HERE!

#### **DUAL CREDIT**

## ADVANCED STANDING AND TRANSCRIPTED CREDIT

You can earn college credits before starting college. In fact, the more college credits you earn in high school, the further you will be on your pathway toward a college degree. Some students who plan carefully may even complete a college degree or diploma while in high school. This early entry into the pathway helps you get a head start, saving you time and money.

#### START COLLEGE NOW

Juniors and seniors who qualify while in high school can take college courses at a Wisconsin technical college. Approved courses count toward high school graduation and college credit.

Visit WTCSystem.edu/dualcredit for more information on earning college credits while still in high school.

OF WISCONSIN'S
TECHNICAL COLLEGE
GRADUATES ARE
SATISFIED OR VERY
SATISFIED WITH THEIR
EDUCATION.

#### YOUTH APPRENTICESHIP

Youth Apprenticeship offers great opportunities for high school students. Participating students can explore college courses and related careers on the way to high school graduation. The employer pays the college costs and pays the student for part-time work under the supervision of a skilled mentor.

#### Youth apprenticeships are available in many different industries, including:

- >> Agriculture
- >> Food and Natural Resources
- >> Architecture and Construction
- >> Arts, A/V Tech and Communications
- >> Health Sciences
- >> Finance
- >> Manufacturing
- >> Marketing
- >> Science, Technology, Engineering and Math (STEM)
- >> Transportation, Distribution and Logistics
- >> Information Technology (IT)
- >> Hospitality, Lodging and Tourism

## TRANSFER OPTIONS

#### YOUR LIFE. YOUR COLLEGE. YOUR PATH.

College is a big decision with a big investment. Consider a more approachable path with a short-term or two-year program and gradually work up to a bachelor's degree (or more). Wisconsin technical colleges offer a variety of certificates and degrees designed to build on each other, giving you several options for degree completion and job advancement.

DID YOU KNOW? Many people who have earned a bachelor's degree return to a technical college to learn new or different skills, or to prepare for a technical occupation with more in-demand and high-paying job opportunities.

## TRANSFER CREDITS TO A TECHNICAL COLLEGE

If you previously attended another college or university, you may be able to transfer credits, receive existing credits or earn new credits for skills and knowledge you gained at that college. Wisconsin technical colleges also grant college credit for career-related learning, work experience and military service.

## TRANSFER CREDITS TO A UNIVERSITY

All 16 technical colleges have program-specific transfer agreements with four-year private colleges and universities and the University of Wisconsin System as well as some colleges and universities in other states.

# **KEEPING COLLEGE**

## AFFORDABLE

WISCONSIN'S TECHNICAL COLLEGES OFFER AFFORDABLE TUITION.

#### **TUITION AND FEES**

Tuition is consistent at the 16 technical colleges and costs less than other colleges and universities. Effective with the 2021 summer session:

#### **WISCONSIN RESIDENT**

**DEGREE AND DIPLOMA PROGRAM:** 

>> \$141.00 PER CREDIT

ASSOCIATE OF ARTS & SCIENCE DEGREES:

>> \$188.90 PER CREDIT

#### **OUT-OF-STATE RESIDENT**

**DEGREE AND DIPLOMA PROGRAM:** 

>> \$211.50 PER CREDIT

ASSOCIATE OF ARTS & SCIENCE DEGREES:

>> \$283.35 PER CREDIT

#### **ANNUAL COST OF COLLEGE TUITION AND FEES**

WTCS Tuition is set by the Wisconsin Technical College System Board in March for the following year. It does not include books, materials or program/college-related fees.

#### PROMISE PROGRAMS & OTHER SCHOLARSHIP OPPORTUNITIES

Many of Wisconsin's technical colleges are making college possible for qualified, low-income students in their respective technical college districts. Promise programs are funded privately through relationships the technical colleges have with local partners. These programs allow new high school graduates — who otherwise may be unable to attend technical college because of low family income — to earn a degree tuition-free. Check with your technical college of choice to see if they offer these opportunities.

#### **EDVEST 529 COLLEGE SAVINGS PLAN**

The Edvest College Savings Plan is a college savings plan designed to make it easy to save for college while creating tax advantages — even on a modest budget. Open an account with as little as \$25 per investment option. Some contributions may be Wisconsin tax-deductible up to a certain amount; learn more at **edvest.com**.

Students who are interested in financial aid should complete the Free Application for Federal Student Aid (FAFSA) to learn whether you qualify for state and federal financial aid programs. Many factors determine the level and types of aid students receive. You won't know if you are eligible for financial aid unless you apply. It's well worth the effort.

For more information about federal student aid programs, eligibility and the application process, consult the U.S. Department of Education website studentaid.gov. Students interested in financial aid need to complete the FAFSA as soon as possible after October 1 for enrollment the following fall.

#### **COLLEGE GOAL** WISCONSIN EVENTS

College Goal volunteers help students and families complete financial aid application forms, including the FAFSA. There are typically more than 30 events around the state between November and January. Learn more at collegegoalwi.org.

#### **SHARED PROGRAMS**

To provide more program options, a college may collaborate on, or share, a program with another college, offering some classes at each institution. Students seeking financial aid must apply at the degree-granting college that will process and pay the financial aid.

FINANCIAL AID RESOURCES

( 1.800.4FEDAID

#### IT'S THE TECHNICAL COLLEGE DIFFERENCE.

#### **CREATE YOUR OWN UNIQUE PATH**

A technical college education is flexible and offers you a chance to carve your own path. Support systems and student life activities enrich your experience, clear hurdles and help you grow. College faculty and staff are dedicated to your success. Whether you need physical, academic or financial assistance, many of our colleges may have resources like these to help you focus on your education.

- >> Student support groups
- >> Health clinics
- >> Daycare facilities
- Library resources

- >> Technical support
- >> Tutoring
- >> Job placement centers
- Cafés and cafeterias
- >> Student lounges
- >> Writing labs
- >> Emergency assistance grants
- Food pantries

#### IT'S NOT ALL JUST SCHOOLWORK

If you want to expand your experience, develop character or challenge yourself along the way, our student life opportunities are numerous and fulfilling. In addition to student residence halls at several colleges to round out your experience and provide independence, you may also enjoy:

- >> College intramural sports
- >> College extramural teams
- >> Honor societies
- >> Drama, journalism and arts
- >> Professional groups and clubs
- >> Leadership development activities
- >> Student government
- >> Optional study abroad opportunities
- >> NJCAA (National Junior College Athletic Association) sports, including e-sports

You can begin with as few as two credits or you can earn a complete diploma or degree, THE FUTURE IS IN YOUR HANDS.

#### **CAREER-FOCUSED EDUCATION**

Employers consistently look to technical college grads to fill their needs. High-tech and middle-skills positions in Wisconsin now account for 60% of jobs in industries such as manufacturing, health care and IT. Employers rely on technical colleges to provide skilled workers to remain competitive on a global scale.

This is one reason some students who have already earned a bachelor's degree enroll at a technical college to earn a career-focused degree in a field that is relevant and fulfilling.

#### **CONNECTING JOB SEEKERS AND EMPLOYERS**

Wisconsin's technical colleges have dedicated career service specialists to help you every step of the way, including helping you find an internship or land that perfect job. **Handshake** is a free, statewide online employment listing where more than 16,000 employers connect with technical college graduates and students who are seeking employment.

- Post your resume online for employers and benefit from a network of employers whose needs will be matched to your skills.
- >> Get email notifications of available jobs matching your program.
- >> Search all employment opportunities and get customized results.
- >> See which employers have viewed your profile and those who have messaged you.

LEARN MORE ABOUT THE HANDSHAKE JOB POSTING PLATFORM

# SERVING THE NEEDS OF VETERANS

THANK YOU FOR YOUR SERVICE.

## BENEFITS FOR VETERANS AND MILITARY PERSONNEL

More veterans are enrolling in college than ever before. Wisconsin's technical colleges have responded by increasing the services and assistance they provide to veterans. Credit for prior learning and experience gives veterans a head start. GI benefits help veterans get a hands-on education and mold their valuable and hard-earned experience around future career posibilities. Let us help you develop and promote your talents in a field that matches your skills.

REAL EXPERIENCE FOR THE REAL WORLD.

Lakeshore Technical College has over 70 degree programs in 14 focus areas including Advanced Manufacturing, Business Management & Administration, Healthcare, Public Safety, and Culinary Arts. Even more impressive? Lakeshore has program and course transfer options with all University of Wisconsin System campuses and 15 private in-state colleges — over 300 total transfer options.

These agreements continue to grow every year and students can save thousands of dollars in tuition, fees, housing, and personal expenses. Seventy-three percent of Lakeshore's associate degree graduates who continue their education choose a four-year institution. On estimate, students save \$6,000 in tuition and fees alone by staying at home and attending Lakeshore their first two years of college rather than attending a four-year college. Those savings are significantly higher when considering housing costs.

#### **COLLEGE YOUR WAY**

Lakeshore strives to offer higher education your way. Some prefer online, some prefer nights, and others are looking for something more traditional. All programs offer personalized attention from instructors experienced in their fields. No matter if you are seeking an associate degree to begin your career or wanting to further your education, Lakeshore is your starting point.

For more information on individual Lakeshore courses or associate degree programs that transfer to other colleges, visit **gotoltc.edu/transfer.**

Nicolet provides you with the best education and resources to be successful with monthly start dates, self-paced learning, online programs, and many zero-cost textbooks. You'll work with a student success team of admission reps, academic advisors, faculty and staff who will help you explore your options, find the right path and follow it through. Plus, our career programs are designed with the steps and flexibility you need to complete a technical program, pursue a bachelor's degree, or both.

#### WHAT OUR STUDENTS SAY

"Cost, quality, and small class sizes were the biggest factors for my education, and Nicolet came out on top. Zero-cost textbooks were a big part of that." - Brielle, Criminal Justice

"I value the opportunity to get a first-rate education within my own community." - George, Business Management

"I researched how much Nicolet's tuition was for the transfer program compared to attending a four-year school for all four years. Nicolet blew the other schools out of the water." - Lindsay, Associate of Arts

"Nicolet College is like family to me. It feels like home."

- Tammy, Associate of Arts

"All of my instructors have been excited about what they teach, which in turn makes me excited and eager to learn from them."

- Michael, Accounting

At Northcentral Technical College (NTC), you can choose from over 190 programs in the most in-demand fields including Agricultural Sciences, Utilities, Transportation, Business, Community Services, Advanced Manufacturing + Engineering, Health and Public Safety. And the opportunity for customized learning doesn't end there - we believe in meeting students where they're at. So whether you want to learn in person, online through our innovative Virtual College or decide day-by-day or week-by-week based on your preference and schedule with NTC Connect, we're here to help you succeed.

#### AFFORDABLE.

With our affordable tuition, beginning at NTC just makes sense. Students graduate with less debt and start earning faster.

#### EMPLOYABLE.

Ninety-three percent of our graduates are employed within one year of graduation. In fact, many students get jobs even before they've crossed our graduation stage.

#### TRANSFERABLE.

Continue your learning by transferring to one of our public and private university partners including Purdue University, Michigan Tech, or within the UW System. NTC students can also earn their Associate of Arts or Science degree through a partnership with Madison College.

#### **ENJOYABLE.**

We invite you to live, connect and grow as you embrace the full Timberwolf experience. Live on campus at Timberwolf Suites, participate on our collegiate esports team, join an intramural sport or club and take in all that NTC campus life has to offer.

You've got the drive to succeed. We've got the high-tech learning labs and instructors with real-world experience. We like where this is going — join us. At NWTC, you can prepare for the future you want. You will be surrounded by people who are committed to your success. So go ahead - pick one of our 200-plus academic programs and get started. We can't wait to see you flourish.

"The atmosphere is amazing. Class sizes are small so you get that one-on-one time you would not get in a huge lecture hall in a university."

-Emma, Laboratory Science Technology

#### **GO FOR YOUR CAREER OR BACHELOR'S DEGREE**

Over 88% of our grads are employed within six months of graduation. Plus, hundreds of grads continue their education through NWTC's transfer agreements with over 40 other colleges/universities.

#### **GO FOR THE COLLEGE EXPERIENCE**

- · Live music, student clubs, multicultural events and much more are all part of life at NWTC.
- Student housing is located just steps from the Green Bay campus.
- Travel and learn through numerous study abroad opportunities. Our students have traveled to Thailand, Belize, Ireland, and many other countries.

## **TECH**

#### EXPERIENCE, SUCCESS.

Northwood Tech (formerly WITC) is a nationally top-ranked and Military Friendly® college in northwest Wisconsin that offers four unique campus locations and over 100 career programs and certificates to choose from.

#### **COLLEGE WHERE AND HOW YOU WANT IT.**

Northwood Tech's hands-on and experiential education will give you the confidence and skills you need to experience success. Take classes that fit your lifestyle whether online, in-person, live streaming or even opt for "Your Choice" classes giving you the ultimate in flexibility to choose how to attend each class meeting.

#### STAY CLOSE TO HOME OR GET AWAY!

With campuses in Ashland, New Richmond, Rice Lake and Superior, you have options. Explore a new location and take advantage of student housing offered nearby or stay close to home.

Northwood Tech's newest Associate of Arts/Associate of Science degrees (offered in partnership with UW-Superior) allow you to complete general coursework from wherever you are that transfers seamlessly toward a bachelor's degree.

## **SOUTHWEST** WISCONSIN

#### THIS IS WHERE YOU BELONG

Southwest Tech combines the best of what a college can offer. Its quiet country-side location is a perfect setting for academic pursuits, yet the college's partnerships with businesses throughout the five-county district provide students with exciting opportunities for success resulting in a 93% job placement within one year of graduation.

#### **OUR FACULTY**

Imagine studying Cancer Information Management with the National Cancer Registrars Association Education Foundation Board Chair; Animal Science with a member of the World Dairy Expo Board of Directors; or Automotive Technician with ASE NATEF certified mechanics. Our faculty teach because their purpose is to inspire and our staff and administrators are passionate about helping students succeed. At Southwest Tech, people say hello and the smiles are genuine.

#### CHOICE

Choose from more than 60 degree and certificate programs, many of which can be taken online. Our Supply Chain Management and Medical Coding Specialist programs are ranked #1 in the country by BestColleges.com. With 20 student clubs to choose from and three intercollegiate sport teams — you'll never be at a loss for something to do or people to meet. Apply today and join the Southwest Tech Charger family!

## **WAUKESHA** COUNTY

#### HANDS-ON HIGHER ED.

Applied learning, state-of-the-art technology, instructors with real-world experience, transfer options and employer connections are just a few reasons students choose Waukesha County Technical College.

Classes are hands-on and interactive, faculty successfully combine theory with practice, and everyone at WCTC is committed to your success.

#### WE'LL HELP YOU ON YOUR WAY

We offer 170+ programs in high-demand fields. Numerous career pathways are available for those interested in earning credentials in stages and building toward advanced certificates, technical diplomas or associate degrees. All programs offer comprehensive training to develop skills that can immediately be applied to the workforce.

#### **NEW PROGRAM DELIVERY FORMAT**

WCTC recently began its year-round academic calendar featuring 8-week terms. This allows you to build on your academic momentum, complete more credits each semester and earn your degree faster.

#### A WELL-ROUNDED EDUCATION

WCTC's diverse student organizations help you strengthen networking and leadership skills. Internships provide real-world experience and often lead to employment. Service learning gives you the chance to integrate education while giving back to the community. On-campus resources feature a variety of tutoring services and career planning tools, and if you need financial assistance, we can help there too.

Get the full college experience by living in our 200-bed, suite-style residence hall. Hang out with your friends in the Union Market - complete with fresh, made-to-order food, comfy couches and large screen TVs. Join an intramural sports team, one of our 35 clubs and organizations, student government or one of four competitive NJCAA sports teams.

#### IT'S ABOUT THE ESSENTIAL EXPERIENCE YOU NEED

You want the career that's right for you, and Western can help you get there. Health sciences, public safety, transportation, business or information technology? Western has more than 100 career options. Our instructors have the essential experience required to teach you the skills you need in our state-of-the-art facilities.

#### AND THE CHOICES YOU WANT

Maybe you want to start here and transfer there? No problem. In addition to our Associate of Science degree, we have transfer agreements with universities both near and far. Take up to two years of generals at Western and transfer to almost any four-year college.

Wisconsin's technical colleges are nimble. We've been offering online and in-person classes for a long time, and we're ready for whatever comes next. As quickly as the economy changes, the colleges respond to employer needs by offering new programs and certificates to match available jobs. That means the list of over 500 programs offered at the colleges is always evolving – visit wtcsystem.edu/programs for the most up-to-date offerings.

Apprenticeship is one of the many career pathways available with great job prospects, and great family-supporting wages. It combines on-the-job training with classroom instruction, giving you the skills and knowledge to succeed in your career. The tuition and fees are covered by participating employers.

Where apprenticeships were once common only in skilled trades like construction and manufacturing, apprenticeships are such a successful way to educate workers that they are now available for some service careers including finance, IT and health care.

If you want to earn money from the start and finish without student debt, an apprenticeship may be just the right opportunity.
