

The Wisconsin Ag in the Classroom program provides agricultural information through teaching resources and lesson plans to help K-12 students develop an understanding of how their food is grown and raised.

The program works within existing curricula to provide basic information on the nation's largest industry: agriculture. Wisconsin Agriculture in the Classroom is a program of the Wisconsin Farm Bureau Foundation.

**Position:** AITC Educational Resources Designer

**Description:** Wisconsin Farm Bureau is seeking a responsible, resourceful, and innovative teacher, retired teacher, or pre-service teacher to provide support to the Wisconsin Agriculture in the Classroom program. The individual in this role will work on specific projects to meet the goals of Wisconsin Agriculture in the Classroom.

**Responsibilities:**

- Develop three hands-on lessons related to soybeans within project budget.
- Design soybean kit to accompany lessons for teachers.
- Assemble kits with materials needed to implement soybean lessons.

**Qualifications:**

- Educator with a degree in education-related field
- Excellent written and verbal communication skills
- Interest in and knowledge of the agriculture and/or education fields
- Knowledge of education standards
- Detail oriented and organized
- Proficient with basic social media graphic design and content creation
- Ability to independently work on a deadline
- Ability and willingness to collaborate

**Start Date:** February 2024

**End Date:** May 2024

**Job Location:** Remote

**Compensation:** A \$1,350 stipend will be provided.

**How to Apply:** Submit resume and cover letter to Beth Schaefer at [bschaefer@wfbf.com](mailto:bschaefer@wfbf.com) by January 22, 2024. Please indicate availability for spring 2024.

**Questions:** Contact Beth Schaefer, Coordinator, Wisconsin Agriculture in the Classroom at [bschaefer@wfbf.com](mailto:bschaefer@wfbf.com) or 608.828.5644.
